VPR is doing a special on Monday. Bob Greemore and John Pelkey among others will be interviewed about the "history" of hockey in VT, from outdoor rinks, to x-ice, etc.

For teams (a/b and b) that are short games for states due to roster errors, they will be able to compete, but the organizations will be fined.

Rutland asked for a waiver for a Bantam that is short games due to roster error and injury. Ruled ineligible until the game requirement is met. John Hamilton and the Executive Board seem to think that getting the required games prior to the tournament may not be an issue. With this team being a potential National Tournament bound team, the Executive Board did not feel it could waive the game requirements.

Bob Greemore suggests the Local Registrars send in the Rosters to Bob the day the teams are formed. They don't need to be signed by everyone for HIM to sign them. That should help relieve this problem in the future!!!

Girls Director Brooks: Girls Select Teams are posted. Practice schedule and Coaching Staff will be posted in the near future. Feel free to contact with questions/suggestions, etc.

Treasurer Greemore: Budget showing no signs of trouble, as the State is still waiting on the bulk of expected All-Star monies.

Registrar Greemore: If High School player wants to come on the ice ONCE: fill out USA Hockey Waiver of Liability form. Can only do it once, then has to join USA Hockey. Showed rostering levels over the past two years.

ACE John Pelkey: Wanted to inform everyone that Phil Jean, a long time coach and girls advocate passed recently in Barre.

Coaching Director Weston:
